## PROJECTS

### Pizza-Ui

- Pizza App is a simple app built that has beautiful UI along with add to cart functionality. It utilizes global store using Zustand library for state management. It uses local storage to persist the cart items.  
([pizza-ui-amber.vercel.app](https://pizza-ui-amber.vercel.app))

### Quiz Api

- A robust api where user can create their quiz , participate in quiz , get own result whilst having admin functionality with authorization and authentication.  
([github.com/nischal1101/quizapi](https://github.com/nischal1101/quizapi))

### Movie

- A complete webapp for seeing the list of movies which only logged in users can add. All users can view movies list without registration . But users need to be logged in to add movies . Only users who are logged in can add comments. Users can only edit and delete their own movie.
